# *Why do you need our project?*

Our project is social and entertaining and has increasing popularity from year to year among and respect among students and their families.

The student republic is a phenomenon of the Ukrainian reality, which lays for the standard public stereotypes. **It is a unique domestic modern bridge in the world of the cultural superior modernity incessantly covering our planet.** It is a formation constantly developing, which environment has permanently multiplying and changing existence layers. Studrespublika also, the only humanitarian trend, is a demand abroad.

The Student republic is a unique civic project **permanently realising all over Ukraine during more than 10 years.** It is a key event for active youth and students expecting for it throughout a year. The program covers the youth groups, first of all, student leaders. The majority of the modern youth activists in Ukraine took part in the Student republic. Nowadays it is not just a project, but the live system consisting of regional stages with winners who are competing to obtain the right to be selected for the final stage participation.

We believe that the loyalty and the trust to your company or your brand will be increased much among students and youngsters, as well as other people by supporting us.
